contributions by alice knox eaton mar gallego maxine lavon montgomery evelyn jaffe schreiber shirley a stave justine tally susana vega gonzález and anissa wardi in her eleventh novel god help the child toni morrison returned to several of the signature themes explored in her previous work pernicious beauty standards for women particularly african american women mother child relationships racism and colorism and child sexual abuse god help the child published in 2015 is set in the contemporary period unlike all of her previous novels the contemporary setting is ultimately incidental to the project of the novel however as with morrison s other work the story takes on mythic qualities and the larger than life themes lend themselves to allegorical and symbolic readings that resonate in light of both contemporary and historical issues new critical essays on toni morrison s god help the child race culture and history a collection of eight essays by both seasoned morrison scholars as well as new and rising scholars takes on the novel in a nuanced and insightful analysis interpreting it in relation to morrison s earlier work as well as locating it within ongoing debates in literary and other academic disciplines engaged with african american literature the volume is divided into three sections the first focuses on trauma both the pain and suffering caused by neglect and abuse as well as healing and understanding the second section considers narrative choices concentrating on experimentation and reader engagement the third section turns a comparative eye to morrison s fictional canon from her debut work of fiction the bluest eye until the present these essays build on previous studies of morrison s novels and deepen readers understanding of both her last novel and her larger literary output

toni morrison s beloved is one of the most successful novels of all time selling millions of copies internationally and inspiring critical commentary from scholars of the highest distinction its influence is such that it is studied by students of literature around the world and is often cited as one of the most significant books of modern times however its popularity belies its difficulty many find the novel hard to read struggling with its structure and occasionally fragmented style this guide is designed to help readers engage with this complex work

and achieve a deeper understanding of its context the literary strategies it employs and the various ways in which it has been interpreted since its publication in 1987

this ground breaking study the first of its kind outlines a theory of publishing that allows publishing houses to focus on their core competencies in times of crisis tracing the history of publishing from the press works of fifteenth century germany to twenty first century silicon valley via venice beijing paris and london and fusing media theory and business experience the content machine offers a new understanding of content publishing and technology and defiantly answers those who contend that publishing has no future in a digital age

in preparation for this book and to better understand our screen based digital world miller only accessed information online for seven years on the end of privacy explores how literacy is transformed by online technology that lets us instantly publish anything that we can see or hear miller examines the 2010 suicide of tyler clementi a young college student who jumped off the george washington bridge after he discovered that his roommate spied on him via webcam with access to the text messages tweets and chatroom posts of those directly involved in this tragedy miller asks why did no one intervene to stop the spying searching for an answer to that question leads miller to online porn sites the invention of facebook the court martial of chelsea manning the contents of hillary clinton s email server anthony weiner s sexted images chatroulette and more as he maps out the changing norms governing privacy in the digital age

millions of people experience symptoms of central sensitization cs and central sensitivity syndromes css such as chronic fatigue syndrome fibromyalgia and multiple chemical sensitivities yet many lack diagnoses education and resources without proper support some patients may become withdrawn suffering needlessly and possibly developing mental illness covering the syndromes within the context of central sensitization cs this book provides candid personal experience strategies for symptom management and suggested methods for coping and long term healing with easy to understand science

this comprehensive revision of the invaluable reference presents a rigorous survey of pain and palliative care phenomena across the lifespan

and across disciplines grounded in the biopsychosocial viewpoint of its predecessor it offers up to date understanding of assessments and interventions for pain the communication of pain common pain conditions and their mechanisms and research and policy issues in keeping with the current public attention to painkiller use and misuse contributors discuss a full range of pharmacological and non pharmacological approaches to pain relief and management and palliative care is given expanded coverage with chapters on interventive ethical and spiritual concerns pain intercultural communication and narrative medicine assessment of pain tools challenges and special populations persistent pain in the older adult practical considerations for evaluation and management acute to chronic pain transition in the post surgical patient evidence based pharmacotherapy of chronic pain complementary and integrative health in chronic pain and palliative care the patient s perspective of chronic pain disparities in pain and pain care this mix of evolving and emerging topics makes the second edition of the handbook of pain and palliative care a necessity for health practitioners specializing in pain management or palliative care clinical and health psychologists public health professionals and clinicians and administrators in long term care and hospice

almost as soon as club culture took hold during the uk s second summer of love in 1988 its sociopolitical impact became clear with journalists filmmakers and authors all keen to use this cultural context as source material for their texts this book uses that electronic music subculture as a route into an analysis of these principally literary representations of a music culture why such secondary artefacts appear and what function they serve the book conceives of a new literary genre to accommodate these stories born of the dancefloor dancefloor driven literature using interviews with irvine welsh author of trainspotting 1994 alongside other dancefloor driven authors nicholas blincoe and jeff noon as case studies the book analyzes three separate ways writers draw on electronic dance music in their fictions interrogating that very particular intermedial intersection between the sonic and the linguistic it explores how such authors write about something so subterranean as the nightclub scene and analyses what specific literary techniques they deploy to write lucidly and fluidly about the metronomic beat of electronic music and the chemical accelerant that further alters that relationship

examining the challenges of chinese political development from a holistic perspective each of the authors emphasizes a particular dimension

of political culture political economy foreign policy and environmental and social challenges
